Freedom Convoy 2022 Freedom Manifest DRAFT.docx
Importance: High

Last night at the board meeting, the board directed that a 'drafting committee' of Sean, Ryan, Eva, and Keith draft a document that would describe The Freedom Convoy's overall demands of all governments and a way forward strategy.

Hence, the drafting committee will keep working on the broader document for review by the board tomorrow but in the meantime, below is a draft communication for the captains/truckers specific to the Mayor's arrangement to allow us to advance into Wellington and Elgin while at the same time taking away the excuse that Trudeau wants to unleash the police goons and seize trucks. Remember: we are trying to block Trudeau from having the justification to cause the police to use the new emergency powers against the truckers AND to allow the truckers to stay here in Ottawa for as long as it takes etc.

Below is the draft communication to the captains and truckers that needs to go out as soon as possible today. Please advise if you have concerns/changes.

SUBJECT: FREEDOM MANIFEST

We began our freedom convoy with a clear destination. Restoring freedom for our families, our neighbours, and our country.

We rolled into Ottawa 2 weeks ago taking a stand for our future.

We have given hope and power to freedom-loving Canadians and beyond. People from around the world are now standing behind us and want us to win.

We have to stay in Ottawa for the long-haul to reach our destination. Just like we do everyday with our routing logistics, we have to plan for the road ahead.

Route Map:

We all know that the Prime Minister keeps wanting us to make mistakes so that

he can use force to get us out of Ottawa and extinguish our freedom movement.

We have parked our trucks throughout Ottawa but the pressure needs to be on our political leaders at Parliament Hill to act to restore our freedoms.

We have always been about peaceful protest. Many of the citizens and businesses in Ottawa have been cheering us on but we are also disturbing others.

We need to reposition our trucks so we don't give the Prime Minister the excuse he desperately wants to use force and seize our trucks.

The truckers on the Freedom Convoy 2022 board plan to start repositioning our trucks forward on Monday to consolidate our protest to the streets in front of Parliament. There is also room for trucks to relocate to 88.

We will be working with the Road Captains on the details.
